EDUCATION

B.E.
RV College of Engineering

07/2019 - Present

Course
- Information Science and Engineering

12th Standard
The Shishukunj International School

2018   *89.2%*

10th Standard
The Shishukunj International School

2016   *9.4 CGPA*

PERSONAL PROJECTS

Online Code Editor and Compiler (11/2021 - 01/2022)
- Using the Django as backend, the compiler is built which can compile C,C++,Java and Python languages with extra functionalities like download code, multiple themes. Live Code Editor is designed which provides HTML,CSS and JS area, add objects or change the code and instantly see the effect.

Department Library Automation (11/2021 - Present)
- Designed to manage all the functionality of the department library using Django as backend and MySql as database. It helps Librarian/Admin to maintain database of staff, students and books with relevant deatils.

Farm Montoring Web App (06/2020 - 08/2020)
- Designed to estimate the compensation to be received by farmers if they suffer from any crop loss using Reactjs and Bootstrap as frontend and Nodejs as backend, used OpenWeatherApi and agro monitoring api.

SKILLS

Django(basic)   MySql   Data Structures

Java language   Reactjs   Operating Systems

CSS   Javascript(basic)   C language   HTML

Algorithms

CODING PROFILE

Geeks for Geeks ⬀

5 Star on HackerRank ⬀

3 Star on Codechef

ACHIEVEMENTS

975 rank among 13k participants in CodeX 2.0 organised by Scaler Academy

85 global rank in February Cookoff on Codechef

Codechef highest rating -1658

CERTIFICATES

The joy of computing using python(NPTEL) (07/2021 - 10/2021) ⬀
Elite Silver Medalist

Scaler CodeX 2.0 ⬀

Introduction to HTML5 (09/2020)

Introduction to CSS3 (09/2020)

Interactivity with JavaScript (10/2020)
